DINNER & PROGRAM

SUBSCRIPTIONS

Support The Wistar Institute's Women & Science Program by becoming a subscriber.

Each subscription package includes a tax-deductible contribution based on the price of the individual events selected. Your contribution provides critical support for women scientists as they strive to improve health in our communities and around the world by advancing biomedical research. Your donation will be used to provide fellowship opportunities for women scientists and to honor exceptional women in biomedical research through the Helen Dean King Award.

See back for more details. ▶

THE WISTAR INSTITUTE is an international leader in biomedical research and training, with special expertise in cancer research and vaccine development. It was founded in 1892 as the first independent nonprofit biomedical research institute in the United States. The Institute works actively to ensure that research advances move from the laboratory to the clinic as quickly as possible.
